

# Voice Lab

By Polyglot Theatre

# Visual Story

# Before Voice Lab

I am going to have a conversation with Voice Lab.

Voice Lab is a white dome with a small entrance for one person at a time.

I can crawl into the dome and sit inside.

Voice Lab is a soft, comforting space.

It will be filled with warm light.

There is a special pair of headphones connected to Voice Lab by a long cord.

I will put the headphones on.

Someone will help me if I need it.

Voice Lab will talk to me through the headphones.

# During Voice Lab

Voice Lab will ask me questions.

Voice Lab is interested in my thoughts and feelings.

I can share what I like with Voice Lab.

This is a safe space.

Voice Lab is listening to what I am saying. I am in control.

I can leave Voice Lab whenever I want.

# After Voice Lab

Voice Lab will let me know when our conversation is ending.

I will get out of the dome. There might be another child waiting to talk to Voice Lab.

**My space to draw**
